WORLD HEALTH FORUM

Volume 18, 1997

World Health Organization, Geneva

Subject Index

(The subjects of WHO activities and recommendations, which appeared in the WHO Notes & News section of *World Health Forum*, are indexed separately on p. 4.)

accidental injuries, prevention in the home, 331
action research, health services, 55
acute respiratory infections, children, Egypt, 339
Afghanistan, health messages by radio, 32
ageing, spiritual dimension, India, 333
agriculture, use of water, 41
AIDS prevention, Tanzania, 215
Thailand, 311
air quality, workplace, China, 39
Argentina, risk factors for chronic diseases, 166

baby-friendly hospitals, India, 68
back pain, prevention, 332
Bamako Initiative, primary health care, 335
Bangladesh, village health promoters, 278
Bartholin's abscess, 200
bibliography, remote sensing technologies, 88
Bolivia, health development, 44
border areas, health dilemmas, 9

Canada, health services for Indians, 335
cardiovascular diseases, childhood, India, 24
developing countries, 163
role of palm oil, 196
Caribbean, hospitals, 49
childbirth, induced by oxytocin, India, 336
children, acute respiratory infections, Egypt, 339
affected by war, 295
cardiovascular diseases, India, 24
dietary habits and well-being, Cyprus, 323
malnutrition, Indonesia, 21
China, air quality in workplace, 39
health insurance, 63
lymphatic filariasis, 17
schistosomiasis, 161
chronic diseases, risk factors, Argentina, 166
World health report 1997, 248
community participation, primary health care, Nigeria, 211
sanitation, rural India, 262
water supply, Ghana, 266
Cyprus, children's dietary habits, 323

development, community funding, Indonesia, 274
diabetes mellitus, prescription of multivitamins, Saudi Arabia, 73
diarrhoea, training in oral rehydration, Nigeria, 75
dietary changes, 64
dietary habits, children, Cyprus, 323
district health services, management, 194
doctor–patient relationship, 327
DOTS strategy, tuberculosis control, Round Table, 225
drinking-water, copepod filters, Nigeria, 270
fluoride content, Jordan, 69
drug distribution, Ghana, 70
drug policy, India, 345
Nepal, 348
drugs, prescribing practices, Sierra Leone, 352
rational use, Pakistan, 83

Egypt, acute respiratory infections in children, 339
essential drugs, India, 345
Nepal, 348
Pakistan, 83
ethics, health-for-all strategy, Round Table, 107
power in health care, 327
evaluation of programmes, rapid appraisal, 66

filariasis, China, 17
fluoride concentrations, Jordan, 69

Ghana, community participation in water supply, 266
drug distribution, 70
training laboratory technicians, 355
guinea-worm control, copepod filters, Nigeria, 270

haematology training, laboratory technicians, Ghana, 355
haemorrhage in pregnancy, Nigeria, 185
health development, Bolivia and Zimbabwe, 44
health education, malaria, Tanzania, 35
radio, Afghanistan, 32
health information systems, 176
health insurance, China, 63
Indonesia, 274
health sector reform, Hong Kong hospitals, 283
Latin America, 169
health services, Canadian Indians, 335
India, 67
operational and action research, 55
health status, border areas, 9
health systems, response to urbanization, 287
traditional and modern, India, 56
South Africa, 59
health workers, Pakistan, 202
see also village health promoters
health-for-all strategy, ethics and equity, Round Table, 107
Hong Kong, hospital management, 283
hospital management, Hong Kong, 283
hospitals, Latin America and Caribbean, 49

India, baby-friendly hospitals, 68
cardiovascular diseases in childhood, 24
community participation in sanitation, 262
essential drugs, 345
maternal health services, 67
reproductive tract infections, 80
spiritual dimension of ageing, 333
traditional and modern medicine, 56
use of oxytocics, 336
Indonesia, childhood malnutrition, 21
social funding, 274
industrial hygiene laboratories, Korea, 359
inequalities in health, slum-dwellers, 287
infectious diseases, *World health report 1996*, 1
information systems, health services model, 176

Jordan, fluoride concentrations, 69

Korea, industrial hygiene laboratories, 359

laboratories, quality control, Korea, 359
laboratory technicians, training, Ghana, 355
Latin America, health sector reform, 169
hospitals, 49
literature, remote sensing technologies, 88
lymphatic filariasis, China, 17

malaria, health education in mosques, Tanzania, 35
malnutrition, Indonesia, 21
management, district health services, 194
maternal health, oxytocics, India, 336
Russian Federation, 189
maternal mortality, sociocultural aspects, Nigeria, 185
underutilization of health services, India, 67
medical education, Turkey, 194
medical negligence, USA, 195
mental health, children and war, 295
refugees, Sweden, 305
support group, South Africa, 319

negligence, 63
Nepal, drug policy, 348
Nigeria, guinea-worm control, 270
haemorrhage in pregnancy, 185
primary health care, 211
training in oral rehydration therapy, 75
nurses, traditional healers, South Africa, 59
nutrition, dietary guidelines, 64
linked to children's well-being, Cyprus, 323

Oman, oral health education, 28
operational research, health services, 55
oral health education, Oman, 28
oral rehyradation therapy, Nigeria, 75

Pakistan, female health workers, 202
rational drug use, 83
palm oil, role in cardiovascular disease, 196

poliomyelitis, eradication activities, Zaire, 337
prevention, AIDS, Tanzania, 215
Thailand, 311
cardiovascular disease, 163
child accidents at home, 331
low back pain, 332
primary health care, Bamako Initiative, 335
female health workers, Pakistan, 202
partnership, Nigeria, 211

radio, for health education, Afghanistan, 32
rapid appraisal, evaluation of programmes, 66
refugee camps, Tibet, 199
refugees, mental health, Sweden, 305
see also war
remote sensing technologies, bibliography, 88
reproductive tract infections, India, 80
risk factors, chronic diseases, Argentina, 166
Round Tables: Ethics, equity and renewal of WHO's health-for-all strategy, 107
Tuberculosis control – is DOTS the health breakthrough of the 1990s? 225
